Kroger/Scotts & Lassus Brothers Reloadable Cards

Reloadable cards are great because you don't have to buy a new card every time! You can reload when convenient for you and always take advantage of the profit they offer! Reloadable cards are not intended for one-time use. SCRIP sellers should record the card number from the back of the card so we can track profit.

Use **Kroger & Scotts** cards in-store and at the pump don't forget to use your Loyalty Card for in-store special pricing. Reload the card with cash, credit or debit. Initial card costs \$10.00.

Lassus Brothers Reloadable cards are available in \$25 cards at 4% profit and reloadable with cash or debit inside gas stations. Don't forget to also use your Hometown Rewards card for specials and rewards.

Hall's Restaurants Changes

Effective February 1, 2010, Hall's Restaurants will be offering their gift certificates in card form and they will be offering at a 10% profit instead of 5%. We carry \$10 & \$25 denominations.

We will begin carrying the gift cards as our supply of paper certificates is depleted.

As a result of this change, **the Hall's Community Reward Card will no longer be accepted after February 1, 2010.**

We thank you for your loyal use of the reward card over the past years and hope you will make advance purchases of the gift cards for your dining, bakery, & hotel needs.
